Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.If there is to be a single book that seems to answer several questions and problems, from different fields of study, be it economics, sociology, and political science, or even accounting, that book has finally been written. The author has managed to put together the answers to the most pressing economic and social questions in political economy. Outdated economic systems and their attendant economic structures set up centuries ago are exposed for creating a system of inequalities that we have come to accept as normal. Creating inequality, condemning workers to slavery, and aggregating wealth into a few hands, are clearly exposed as the ills of what has long been regarded as a perfect political economy. Company law has worked to make citizens second class individuals when it comes to wealth creation. While taxation has been hyped about of late and world leaders have resorted to tame chiding of few multinationals, the book takes the reader to the details of how tax is calculated. And since all wealth and income to the majority is...
