Pub Date: 2012 Pages: 305 Language: Chinese in Publisher: Dalian University of Technology Press. accompanied by the integration of the global economy. the financial capital era. In this wave of globalization process. the Western countries have been the transition from industrial capitalism (or manufacturing sector capitalism) to financial capitalism. With the globalization of the industry chain. half of capitalism has shifted from industry to finance. However. the financial sector does not generate employment. the financial capital of the organization. only the boss and a small amount of technical control personnel (such as financial engineering staff). and no longer need a large number of employees employed in traditional industries and the traditional financial sector. This is a serious crisis to the governance of the Inter-governmental organizations. workers' rights and interests protection. and industrial knowledge heritage behavioral science on which the industrial base is being shaken. Human engineering series of textbooks: Industrial Psychology the clear behavioral science knowledge and technology system of traditional industrial industry background. called industrial organizational behavior or Industrial Psychology . when appropriate. and then known as...

### Reviews

*Merely no words to spell out. It is amongst the most awesome publication i have read. Your life span will likely be transform as soon as you full reading this book.*

-- **Marvin Okuneva**

*Completely among the best publication I have got at any time go through. I have got go through and so i am confident that i will likely to read again once more down the road. It is extremely difficult to leave it before concluding, once you begin to read the book.*
